Green Land

Common Amenities for the Plot Owners :

- The whole community will be private property and will have no public roads passing through. This will make it one of the largest private, guarded residential communities in outskirts of holy Dwarka with a single entrance gate, monitored and secured privately.
- Different common plots, with a main community plot of 3,000 Sq. Yards.
- A huge garden with a landscape of articulated greenery.
- A private and secured jogging track.

Community Services :

- All the internal approach roads in the community with greenery and plantation on the sides.
- Round the clock and closely monitored security, all 365 days of the year for the community.
- A professional staff to look after the administration and maintenance of the common amenities and community services headed by a qualified estate manager.
- Street lights on every internal road.
- Sitting areas, Gazebos and benches at different locations on the jogging track and streets.

Estate Management :

A professionally managed estate management company of Goverdhan Greens Holidays Private Limited has taken the management responsibility of all the common amenities and community facilities including the roads and for all the times to come, once the development is completed. This will ensure the well being in terms of administration, maintenance and adherence to the rules and regulations of the community.
